To Enact: REGULATION OF THE REGENT ON REPLACEMENT COSTS FOR BLOOD PROCESSING AND BLOOD COMPONENTS AT THE INDONESIAN RED CROSS, REGENCY OF GRESIK.

CHAPTER I

GENERAL PROVISIONS

Article 1

1. Region means the Regency of Gresik.

2. Regent means the Regent of Gresik.
3. Indonesian Red Cross, hereinafter referred to as PMI, means the PMI of the Regency of Gresik.
4. Blood Donor Unit, hereinafter referred to as UDD, means a health service facility that organizes blood donation, blood processing, blood provision, and blood distribution.
5. Blood service means a health service effort that utilizes human blood as a basic material for humanitarian purposes and not for commercial purposes.
6. Blood service efforts are health service efforts that include planning, mobilization and preservation of blood donors, blood provision and management, blood distribution, and medical actions of giving blood to patients for the purpose of curing diseases and restoring health.
7. Blood means blood obtained from healthy volunteer blood donors who meet the donor selection criteria, prioritizing the donors health.
8. Blood provision is a series of taking and labeling donor blood, disease prevention, blood processing, and storage of donor blood.
9. Plasma is the separation of plasma derivatives into plasma products by applying technology in blood processing.
10. Blood Donor is a person who donates blood or components thereof to patients for the purpose of curing diseases and restoring health.
11. Hospital Blood Bank, hereinafter referred to as HBB, is a service unit in a hospital that is responsible for the availability of safe, quality, and sufficient blood for transfusion to support health services in the hospital.
12. Replacement Costs for Blood Processing, hereinafter referred to as RCBP, means all costs used in the process of producing safe, healthy, and quality blood and/or blood components according to applicable standards and calculated rationally and non-profit (without seeking profit).
13. Blood Compatibility Crossmatch is the main examination before blood transfusion by checking the compatibility between the patients blood and the donors blood so that the blood issued from the UDD is truly compatible.

## CHAPTER II

### RCBP AND BLOOD COMPONENTS

## Article 2

(1) The calculation of RCBP is based on the calculation of the unit cost of blood processing and service, taking into account the costs of operational activities in managing and serving blood as well as for the development and improvement of blood services at the PMI UDD.

(2) The amount of RCBP as referred to in section (1) is as follows:

a. BPJS Participants and Non-BPJS Patients and Compatibility Crossmatch conducted at the UDD;

Rp. 355,000.00

and

b. HBB and Compatibility Crossmatch conducted at the Government/Private HBB. Rp. 330,000.00

## CHAPTER III

### PAYMENT OF RCBP

#### Article 3

(1) The payment of RCBP for blood users is made directly when taking blood or blood components at the PMI UDD.

(2) For blood users who are covered and/or guaranteed by an Institution or Company or Health Insurance that has a Cooperation Agreement with the PMI UDD, the payment system is carried out based on the agreement as stipulated in the Cooperation Agreement.

(3) For HBB and/or other UDDs, the payment system is carried out based on the agreement as stipulated in the Cooperation Agreement.

#### Article 4

RCBP can be returned to the blood user if the blood has not been handed over by the PMI UDD to the blood user.
